Q&A

# How do you use energy?

We use energy every time we turn something on or plug something in.

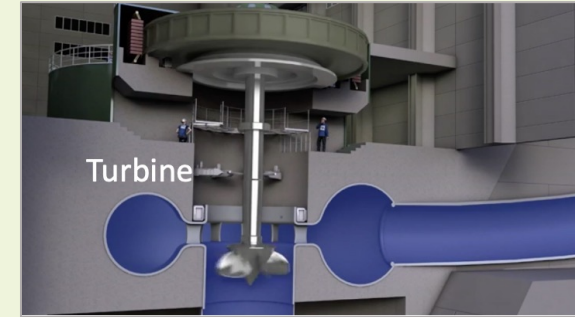

Can you think of a way you use energy?

# Where does energy come from?

Energy comes from nature!

Let's look at how energy gets made into power.

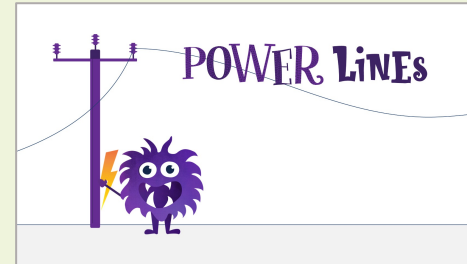

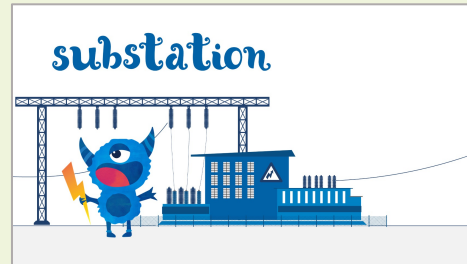

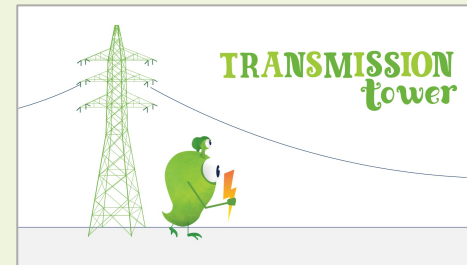

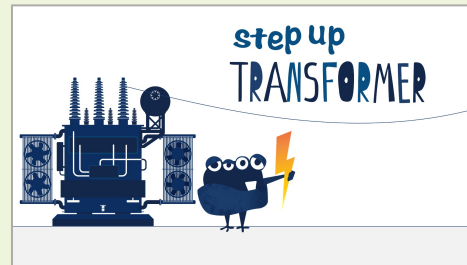

# How does energy get to your home?

TVA makes energy and then sells it to your local power company.

Let's find out how your local power company gets that power to your home.

## HOW *does energy* get TO YOUR HOME?

# What uses the most energy in your home?

Different things in your home use different amounts of energy.

Let's compare energy use.

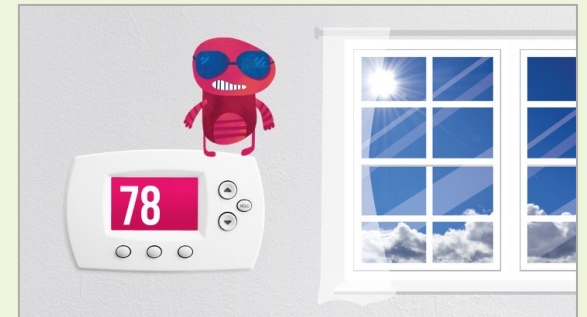

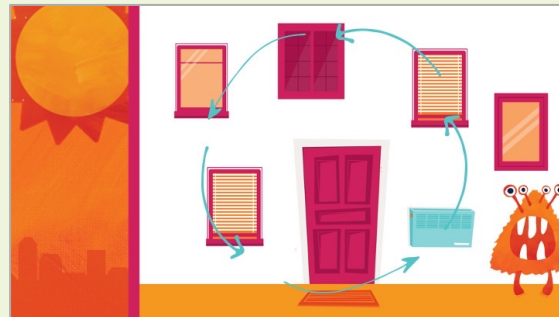

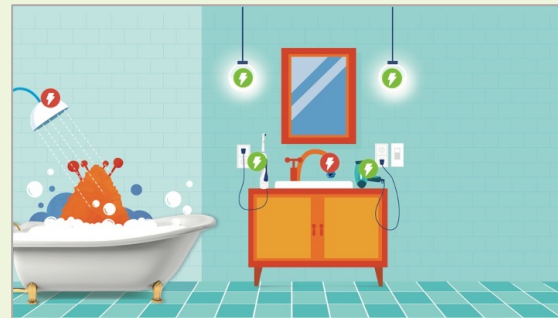

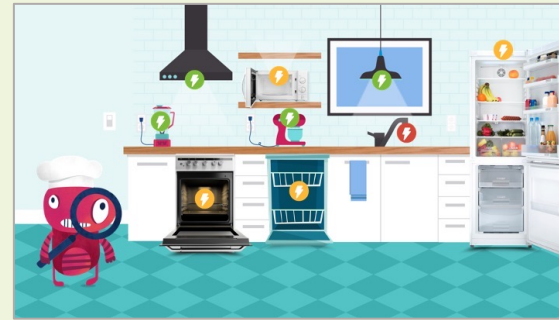

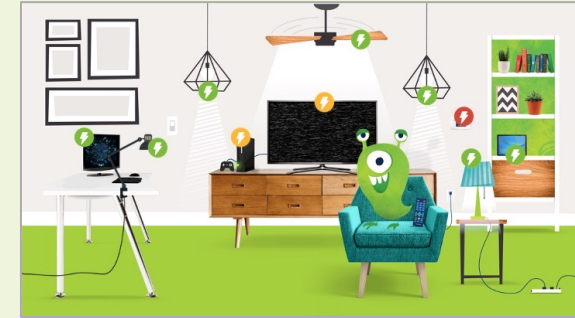

## COMPARING ENERGY USE

# Let's take a field trip!

We're off to the EnergyRight Monsters' home.

Let's help them find where they're using energy, then give them some tips on how to save more energy and money!

# Bolt wants to hear what you think!

Take the survey and let us know what you thought of the Eye Spy Energy Kids' Workshop.

**LEARNED**  circle one **FUN**  circle one

EnergyRight

The image shows a survey form with a green and white color scheme. At the top left, there are fields for 'DATE' and 'LOCATION'. The main title is 'HOW DID WE DO?' with 'BOLT' written above it in a stylized font. Below the title is a thank you message. The form has a green background with a pattern of lightning bolts and a purple monster head. There are two input fields for 'NAME', 'LEARNED', and 'FUN'. The 'LEARNED' and 'FUN' fields have 'circle one' written below them, indicating a rating system. The EnergyRight logo is in the top right corner.

# Saving energy means saving money!

Now you have a ton of ways to practice saving energy at home.

Use your Eye Spy Energy Kit to get started.

Don't forget to have your family join in the energy-saving fun!
